Note: This is a common planner for the academic year 2023-24. We hereby inform you to strictly adhere with the examination schedule. Avoid changing the dates as we are planning to have central evaluation during this academic year.

All the schools should plan their Annual Day/ School Day before 15<sup>th</sup> of January, 2024. Principals are requested to create a one hour zero period from the day you start practice for annual day. Utilize only the zero period for practicing so that we would have ample time to complete the portions as well. Plan annual day well in advance and make all the necessary preparations.

Principals shall prepare the academic calendar for their respective schools without changing the dates of the major programmes scheduled by the Education Department of DFT. Incorporate all the events and activities you would like to do during the academic year 2023-24 and send a copy of the same to DFT on or before 20<sup>th</sup> April, 2023. Plan only 2 or 3 major events in an academic year, other activities may be planned internally without disturbing the effective teaching days.

Thank you

Academic Coordinator  
DFT Group of Schools
