**A CHRONICLE OF  
GROWTH AND SUCCESS**

NEWSLETTER - JANUARY 2025

## **PRINCIPAL'S FOREWORD**

Dear Parents, Students and Teachers,  
I wish you all a successful year ahead.

I take this opportunity to share my thoughts about a fundamental aspect of our lives that shapes our character and guides our actions – self morality. Self-morality, or personal ethics, is the internal compass that helps us distinguish between right and wrong, guiding our decisions and behaviour.

Having a strong sense of self morality is crucial for several reasons. Firstly, it fosters integrity. When we act in alignment with our moral values, we build trust and credibility with those around us. This integrity is essential in all aspects of life, from personal relationships to professional endeavours.

Secondly, self-morality promotes a sense of responsibility. When we hold ourselves accountable to our moral standards, we are more likely to make decisions that are fair, just, and considerate of others. This responsibility extends beyond our immediate actions and influences the broader society, encouraging a culture of ethical behaviour.

Moreover, self-morality enhances our self-respect and inner peace. When we live according to our principles, we experience a sense of fulfilment and contentment. It allows us to face challenges with confidence, knowing that our actions are rooted in honesty and respect.

At the end, having self-morality is not just about following rules; it is about cultivating a character that embodies integrity, responsibility, and self-respect. It is the foundation upon which we build meaningful and impactful lives. Let us strive to uphold our moral values and inspire others to do the same.

Thank you.

St. Mary's Team wishes you all blessed New Year ahead.

With Warm Regards
